

ACE POWER

Model:TS-ACE-R02-48B

4000K CCT 84 LED two 2 foot board kit

Retrofit kit features

Light output was designed to match application flux DLC requirement for 2' by 2' troffer or 2' by 4' troffer

UL recognized component, E352708

Matched LED driver (TD40-36C2D) is available

The spacing of our highly efficient Nichia LEDs are optimized both for hot-spot free and thermally robust designs

USE one kit for 2X2 (or 1X4) troffer, use 2 kits for 2X4 troffer retrofit application

Can be driven at higher current level to get flux level for high bay application

Performance Rating
